## **DETAILED ACTION**

This Office action is in response to applicant's amendment filed on 28 October 2004.

## Allowable Subject Matter

- 1. Claims 1-14 are allowed.
- 2. The following is an examiner's statement of reasons for allowance: Claims 1-14 are allowed because the prior art of record does not teach or suggest, in combination with the other claim limitations, a method for manufacturing a gallium nitride based single crystalline substrate that includes the steps of forming gallium nitride based single crystalline bulk on a growth substrate, forming grooves through the growth substrate to divide it into multiple units, and separating the gallium nitride based single crystalline bulk from the growth substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
